FOOD FACTS

Hot dogs are a classic and loved by many. Roughly 7 billion hot dogs are consumed between memorial day and labor day! Hot dogs are also NASA approved, and have been enjoyed in space. Apollo 7 astronauts enjoyed the on the way to the moon!

Feta is one of the oldest cheeses. Feta dates back centuries in Greece and is a huge part of Greek cuisine. Feta originally made with either sheep or goat milk can commonly be found made from cow milk as well.

What is it?

Arancini are deep friend stuffed rice balls originally from Sicily. It is considered a very popular street food. The rice used is often risotto. Arancini is traditionally served with a side of Marinara sauce for dipping!

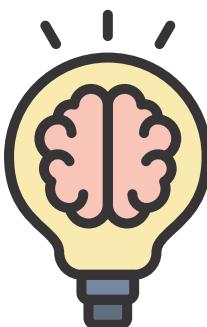

Fish chowder is a New England staple. Most loved by local fisherman as it got its nickname "fisherman's stew". John F. Kennedy was a big fan of New England's Fish Chowder, frequently enjoying it at home. The earliest printed recipe of fish chowder in America appeared September 23rd 1751 in the Boston Evening Post.

Trivia Time!

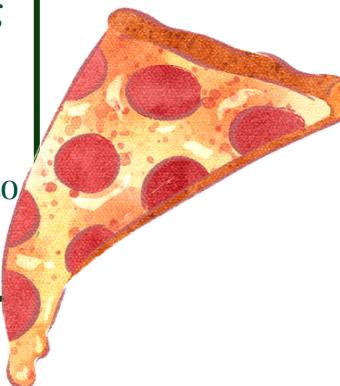

Who famously painted Campbell's Tomato Soup cans in the 1960s?

Unsure?
Come to activities for the answer!

The More you know!

Pizza is loved by Americans. Americans consume 350 slices of pizza per second! Pepperoni is the most loved topping on pizza appearing on about 36% of pizzas. We love our pizza so much we sent one to space for the international space station to enjoy in 2001. What's your favorite pizza topping?

Mulligatawny soup was created by Indian chefs to serve as an appetizer for the British. Due to its spicy flavor it was sometimes used as a hangover cure for British officers. Fun fact about this soup is according to Alfred Pennyworth in the Batman Comics it is Batman's favorite soup as well!
