INCLUDED SERVICES FOR COTTAGES

The Plant Memorial Home is a senior living community in which residents may choose to live in many distinct settings with many services already included in the rent. Our goal is to provide safe and comfortable senior living for as long as our program structures and licenses allow. To that end, residents may purchase additional services in addition to those already included in their rent. Over time, it is our intent to reach a point that all basic services for independent living are included in your rent.

The following services are included in your rent:

- Rent
- Bi-weekly light housekeeping
- All meals from our dining services. You may dine in or request your meals to go
- Wi-Fi
- Internet
- Oil Based Heat (not all units have oil-based heat)
- Water
- Sewer
- Trash Removal
- Maintenance
- All access to Activities on and off campus
- Limited Golf Membership at the Bath Country Club
- Community Garden
- YMCA membership (details available)
- Transportation (available for a fee and dependent on availability)
- Utilities **(not yet included)**
- Cable Television **(not yet included)**

Thank you for your interest in the Plant Memorial Home community. Please let us know if you have questions regarding your application. Should you join us, we hope you find PMH to be a place where you thrive.

Sincerely,
